Thermometer Record.—The following  
shows the range of the thermometer, as  
observed at Schnepf's drug store, Opera  
House corner, yesterday:

1880.  
7 A. M. 32° 10 P. M. 7 P. M. 1 A. M. 12 M. 3 P. M. 7 P. M.  
10 10 10 10 10 10 10 10

## WEATHER INDICATIONS.

WASHINGTON, D. C., December 4—1 A.  
M.—For the Ohio Valley and Tennessee,  
lower barometer, warmer east to south  
ward, partly cloudy or cloudy weather  
with rain.

For the Lower Lake region, lower bar-  
ometer, warmer southerly winds, partly  
cloudy, weather with occasional rain or  
snow.

## MUTTON BROTH SOUP for Merchants

Lunch this morning at the New McLaughlin  
House Sample Rooms.

In the Police Court yesterday morning  
Frank Shanley, the young man who was  
put under arrest for interfering with Of-  
ficer Deburgh in the discharge of his  
duty, was fined \$5 and costs. Upon Shan-  
ley's counsel giving notice of appeal,  
Judge Cameron added \$20 to the fine and  
the prisoner was sent to jail for ten days.

## LOCAL LACONICS.

## Brief Note and Comment on Current City Events.

TAX-PAYERS are calling on City Collector  
Taney at a lively rate just now.

JAMES SMITH, a laborer at the La Belle  
Mill, had one of his limbs badly cut night  
before last while at work.

OFFICER BROOKS looked up Thomas Wal-  
ter yesterday, for committing a nuisance  
at the Second Ward market house.

THERE are between thirty and forty  
cases of typhoid fever in Benwood, and  
the physicians report the number of pa-  
tients increasing rapidly.

The Mountaineer New State Gazette sug-  
gests Peter Delaplane, Esq., as the best  
man for Sergeant-at-Arms of the House of  
Delegates this winter.

The damage to cars by the wreck at  
Romey's Rock, on the B. & O. Thursday,  
is a large sum, and it is estimated that the  
loss will exceed \$15,000.

A BRILLIANT and enjoyable social party  
was held at the residence of William  
Welby, Esq., corner Main and Ninth  
streets, on Thursday evening.

INEFFECTUAL attempts were made Thurs-  
day night to enter the residence of Wm.  
Harris, in the 12th ward, and Henry  
Loeber and Charles Kotler, by burglars.

MYERS, the man who was taken to the  
Penitentiary Thursday by Sheriff Tingle,  
wants to learn the wig making trade so  
that he can present one to Prosecuting At-  
torney Jorjennette on Ordinance expiring to-  
day.

The Committee on Ordinances expects to  
finish its labors at a meeting to be held on  
Monday evening next. A meeting of Coun-  
cil is called for Tuesday evening follow-  
ing, to take action on the list of revised  
ordinances.

AN INTELLIGENCER reporter called at the  
office of the Cleveland, Toledo and Valley  
and Wheeling Railroad at Bridgeport  
yesterday. Said one of the officials: "We  
are like other roads just now; can't get  
enough cars to do our freight traffic."

SOME small boys came near starting a  
conflagration at Mr. John Armstrong's  
congregation at the corner of Jacob and  
Nineteenth streets yesterday. The children set fire to  
shavings in a tin can, and there was a  
pile of straw near by. They were dis-  
covered in time to prevent disaster.

TOM WILSON, David Donahue and John  
Goldborough alias "Gooseberry," plain  
clothes men, all appeared before Judge Cran-  
mer in the Police Court yesterday morn-  
ing. A fine of \$2 and costs was imposed  
on each. Donahue was given ten min-  
utes to leave town; "Gooseberry" was  
sent up, and Wilson paid his fine.

We call attention to an advertisement  
in these columns of Mr. Louis Dechert, in  
which he announces his intention of  
withdrawing from the business which he  
has conducted for about ten years in our  
midst. We need not tell people that they  
may look out for rare bargains, as every  
article will be sold at cost price, and those  
desiring to purchase anything in the jew-  
elry line for holiday presents will find it  
to their advantage to call soon. Mr. De-  
chert can be found at 277 Market Street,  
McLain's Block, opposite the McLaughlin  
House.

## PERSONAL PARAGRAPHS.—Capt. Ed. Tail,

of the "Twelfth," will leave for home  
today, to be gone several days.

John J. Lane, Messenger in the service  
of the B. & O. Express Company between  
this city and Baltimore, has been trans-  
ferred to the new line of the Company be-  
tween New York and Baltimore, via the  
Baltimore and Annapolis route. Mr. Lane is an ex-  
perienced and well qualified messenger,  
and has the best wishes of his many  
friends hereabouts for success in his new  
field of service.

Hon. E. G. Orcraft will address the  
students of the West Virginia University  
of Morgantown, on the evening of the 23d.  
James L. Kelley, of Boston, is in the  
city arranging for the delivery of his  
celebrated lecture, "Baked Beans." Col.  
Kelley is at the McLure. This gentleman  
has made quite a reputation among our  
young men as a temperance lecturer.

Miss Lizette Kenyon, and Miss Jennie  
Jones, of St. Clairsville, are visiting Mrs.  
Peck on Chapline street.

The late J. Percival Hardin, whose  
death was announced yesterday, was a  
native of Phenixville, Pa., and came to  
this city with his father, the Hon. John  
Hardin, about the year 1818. He was in  
his 51st year at the time of his death. For  
several years past he has been manager of  
the nail factory at the La Belle mill, of  
which his father was one of the owners.  
He was a man of great energy and about  
the works for his many good qualities.  
He leaves a wife and four children. One  
of his daughters were away from home at  
the time of his death, one attending  
school in Kentucky and the other on  
her way to Cincinnati. They will prob-  
ably be here to-day or to-morrow. Mr.  
Hardin seems to have entertained some  
premonitions of his death a day or two  
before he died.

## PULPIT NOTES.—The Rev. Dr. Bodine,

President of Kenyon College, will preach  
at St. Matthew's Church to-morrow at  
10:30 o'clock A. M. and 7:30 P. M.

There will be preaching at the Disciples  
Church to-morrow at 11 A. M. and 7 P. M.  
by Rev. W. B. Thomson, the pastor. The  
evening discourse will be an address to  
young men. Sabbath school at 10 A. M.

Services will be held at the First Pres-  
byterian Church to-morrow by the  
pastor, Rev. J. G. Lyle, morning and  
evening. Evening subject: "Search the  
Scriptures." Sabbath school at 2 P. M.

International Sunday School lesson for  
to-morrow: "The Last Days of Jacob."  
—[head local].

First English Evangelical Lutheran  
Church, Sixteenth Street, adjoining post-  
office. Rev. S. B. Barnitz, pastor, will  
preach at 10:30 A. M. and 7 P. M. to-mor-  
row, and address the Sunday School at  
2 o'clock. Morning sermon, "The Alarm";  
evening sermon, Mark 16.

At St. Luke's Protestant Episcopal  
Church, Wheeling Island, Rev. C. M.  
Spiegel, pastor, will preach at 10:30 A. M.  
and 7:30 P. M., and at 7 o'clock.  
Seats free. All are cordially invited.

A discourse on the subject of temper-  
ance will be delivered in the Methodist  
Episcopal Church, Bridgeport, by the  
Rev. J. R. Key, to-morrow evening  
at 7 o'clock.

Services in the First Presbyterian church  
to-morrow. The pastor, Rev. D. A. Cun-  
ning, D. D., will preach at 10:30 A. M.,  
and at 7 o'clock, P. M.

ANNUMENTS.—The success of the Vari-  
eties at the Academy of Music continues  
very fair. There being no other per-  
formances in the city, leaving to to-  
day the attention of the audience was  
what increased. The Lynn sisters and  
Miss Notowitz were repeatedly called out  
for their excellent singing. Charles How-  
ard continues to create great excitement  
with his pianistic melodies and acting.  
The show has many interesting features.  
Great attractions are pronounced for next  
week. There will be a matinee perfor-  
mance this afternoon, and the usual di-  
versified program to-morrow night.

Opera House.—There was an immense  
rush for seats at the opening of the sale  
on Thursday for the "Lady of Lyons" at  
which Mary Anderson takes the role of  
Pauline at the Opera House this evening.  
Seats in the lower part of the house were  
all taken in a few hours. It is said that  
many were bought up by speculators.

CAR DRIVER ROBBED.—About 9 o'clock  
last evening, Luther Smith, driver of horse  
car No. 1, on the Wheeling and Elm  
Grove line, left his car to go into the  
corner of Market and Eleventh streets, near  
the corner of Market and Eleventh streets,  
when Smith returned to his platform, his  
money box was gone. There were cash  
and tickets in it to the amount of about  
\$14.75. The box was fastened to the front  
of the platform by a padlock. A Yale pad-  
lock and iron staple, and the thief, who  
ever he was, must have possessed a key to  
get it loose so quickly. Smith, who is an  
extramur on the line, will be the loser, as  
the drivers are required to carry their own  
tickets and funds with which to make  
change. He has been in the company's  
employ for some time.

## INCORPORATED.

## A List of the Various Companies Incorporated in West Virginia During the Present Year.

The following is a complete list of the  
companies and associations which have  
filed incorporations in the office of Sec-  
retary of State Brady since January 1, 1880.

The title and principal office of each com-  
pany is given, together with the capital  
stock and amount to which each is pri-  
vileged to increase. The Assistant Sec-  
retary, Mr. William Hendrick, kindly afforded the  
reporter facilities for compiling the list:

The Potomac Mining Company, Chicago;  
capital stock \$100,000, with privilege to in-  
crease to \$1,000,000.

The World Iron Company, New  
York; articles of association filed;  
Manufacturers Fire Insurance Com-  
pany, Wheeling; capital \$100,000, with pri-  
vilege to increase to \$500,000.

Allen Oil Company, Charleston; capital  
\$100,000, with privilege of increasing to \$150,000.

Novelty Glass Company, Wheeling;  
capital \$15,000, and allowed to increase to  
\$35,000.

Benwood Coal Works, Wheeling; cap-  
ital \$500, with right to increase to \$100,000.

Manufacturers Iron and Iron Company,  
Clifton, W. Va.; capital \$75,000, and pri-  
vilege of increasing to \$500,000.

International Real Estate Company,  
Charleston; capital stock \$1,200; privilege  
of increasing to \$100,000.

The United States Capital Electric Light  
Supply Company, Washington, D. C.; capital  
\$25,000, and privilege to increase to \$100,000.

The Gerrardson Tanning Company;  
capital \$25,000; and privilege to in-  
crease to \$20,000.

Moundville Iron Company; cap-  
ital \$500, with privilege of increasing to \$100,000.

Nail City Lantern Company, Wheeling;  
capital \$20,000, with privilege of increas-  
ing to \$100,000.

Kanawha Republican Company,  
Charleston; capital \$900, and right to in-  
crease to \$10,000.

The Benwood Furnace is in full blast  
and is turning out a good quantity and quality  
of pig iron.

The Laughlin Nail Works are in full op-  
eration.

The Benwood furnace is now turning  
out about 60 tons of metal per day. Before  
its recent rebuilding it averaged about 30  
to 35.

ATLANTIC.

The Atlantic Iron Works are on full,  
and are turning out large quantities of iron.

The Nail City Glass Works are making  
a fine quality of glass. Wall line of their spec-  
imens, which they are sending to South-  
ern and Western markets.

BRIDGEPORT.

The La Bell Glass Works are in full  
blast just now, but the fires will be put out  
within the next two weeks to allow the  
replacing of the old boilers with new ones.  
A tolerable good business is reported from  
these works.

The Wheeling Paper mill is run-  
ning as usual.

## WELLFARE.

The foundry and machine shop run in  
connection with the Elms Glass Works are  
in full blast. The glass works are running  
full, although trade is a little dull. Hol-  
iday goods are being manufactured and for  
these things there is a fair demand.

The Belmont Glass Company are only  
running one of their furnaces just now.

The Bellair Window Glass Works are  
on full, and business is moderately good.  
The recent freeze up has caused a tempo-  
rary suspension of orders, but all the win-  
dow glass men think the outlook excellent  
for a brisk trade in a few days.

It is likely that the fires in one if not  
two of the furnaces of the Goblet Works  
will be put out in a day or two on account  
of dullness in the glass business.

The Riverside blast furnace is running  
satisfactorily, and turning out iron in  
abundance.

The Benwood nail factory is on full.  
We noticed a large number of nails from  
this mill lying at the Benwood landing  
yesterday which went South in the after-  
noon on the Hudson.

## BRIDGEPORT.

Serious Railroad Accidents—Arrest of  
Alleged Thieves—Minor Mention.

The Third M. E. Church of Bridgeport,  
will hold a fair and festival in Oglebay's  
Hall on next Tuesday and Wednesday  
evenings, 7th and 8th. All are cordially  
invited.

Prof. Or held a written examination in  
the Bridgeport High School on Thursday  
and Friday.

Mr. Nick Kuhn has built a screen to his  
ice chute as a protection to the men en-  
gaged in hoisting ice. A recurrence of  
accidents incident to the hoisting of ice  
recently will be impossible.

The C. T. V. & W. Railroad engine, No.  
21, while pulling the mail train No. 1 into  
Bridgeport last night, run into two cars  
of iron ore standing on the main track, by  
the station, smashing the pilot on the en-  
gine. No one was hurt.

The caboose car on train No. 58 on the  
C. & P. Railroad, was derailed in mourn-  
ing for brakeman Megraw, killed on the  
main line on the same road.

Two passenger coaches on the C. T. V.  
& W. Railroad, on mail train No. 4, were  
thrown into the creek by a broken wheel,  
one mile outside of Barton's Station. The  
engineer says he was struck by the broken  
wheel, and the train was stopped. When he  
looked back he saw two coaches lying in the  
creek, the coupling attaching the engine and  
baggage car having been broken. When the  
engine was suddenly stopped by the signal  
light, the train was struck by the broken  
wheel, seriously injuring express mes-  
senger Beedle, and throwing road agent  
Foye the full length of the car, but with  
no serious results. One passenger and  
brakeman, who were in the baggage car,  
were considerably hurt. There were  
twenty-two passengers in all. One man  
named Henderson had his arm broken,  
which was the most serious injury sus-  
tained.

A somnambulist boarder at the Imperial  
tumbled down a steep flight of stairs  
last night. The landlady and hired girl  
gave a black crook undress rehearsal in  
getting him wakened and back into his  
room.

On Friday morning early, Officer Bur-  
dett received a telegram from Bellair to  
arrest two colored men who had got  
aboard the morning train at Bellair. Bur-  
dett was at the depot on the arrival of the  
train and got his men, and locked them  
up to await further developments. The  
two men were passengers on an east-  
bound train on the B. & O. R. R., and had  
stolen an overcoat and gloves from a pas-  
senger who did not miss them until he  
got to Cameron, W. Va. He then tele-  
graphed the authorities at Bellair to ar-  
rest the two negroes, but they had departed  
on the C. & P. R. R. before the message  
was received. They were kept in jail all  
yesterday morning, when, as no one  
appeared against them, they were re-  
leased.

C. D. T.

## ST. CLAIRVILLE.

County Court—Criminal Notes—Other  
Affairs.

St. Clairville, December 3.—The  
jury in the Court of Common Pleas in ses-  
sion here to-day found Dory Brown, a  
noted character from the "Sun Kiseed  
Hills," guilty of burglary and larceny.  
The trial of his partner, Minor Gibson, is  
set for to-morrow.

Zacher will be tried for murder on the  
9th of this month.

While people looked and waited for that  
Pittsburgh get to take an Eastern train  
and a Western fellow, a Baltimore, in all  
a West End girl, and Miss Frank  
Campbell is now Mrs. Kipper.

Teachers' examination will be held here  
to-morrow by the county commissioners.  
Miss Jennie Kelley, of Baltimore, the  
winner of the prize in the contest of  
Miss Jennie Stamp, of this place,  
W. B. Workman, of Baltimore, took in  
the sights at our county seat on Wednes-  
day.

## WHEELING.

Collected in and Around This City.

We have nothing especially new to  
chronicle this week. All the mills are in  
operation and are turning out large quan-  
ties of iron and nails, for which there is  
a fair demand.

The cooper shops, carpenters and wood-  
workers of all kinds are doing all they can,  
and having all a little slow. Wholesale  
business has been a little slow for the  
week, but there is no reason to believe  
that the freezing of the river, but now that  
this stream is again unobstructed, there  
has been a noticeable brightening up with-  
in the last day or two.

The glass business is still a little dull,  
and some of the manufacturers are a little  
discontented in consequence, but all the  
older manufacturers are of the opinion that  
the dullness will not be of any dura-  
tion, and in a few days or weeks at far-  
thest, all the furnaces in this community  
will again be in operation.

Hobbs, Brockner & Co. have been  
pushing the erection of their new factory  
and finishing touches to the furnace.  
Through an inadvertence this furnace was  
turned a five pot one, when it should have  
been a fifteen pot furnace.

Work at the Pottery began Thursday  
and in the course of a few weeks the  
whole establishment will be on full.  
A new furnace will be put up about the 1st  
of January. The furnace will be a Gill gas  
furnace, at least two pots, and much  
larger than any one now in use by the  
company.

Orders are comparatively plentiful and  
business fairly good.

## MARTIN'S FERRY.

At the Buckeye Glass Works there is a  
very good holiday business going on, and  
the managers do not feel very apprehen-  
sive as to the future.

The Benwood furnace is in full blast  
and is turning out a good quantity and quality  
of pig iron.

The Laughlin Nail Works are in full op-  
eration.

The Benwood furnace is now turning  
out about 60 tons of metal per day. Before  
its recent rebuilding it averaged about 30  
to 35.

ATLANTIC.

The Atlantic Iron Works are on full,  
and are turning out large quantities of iron.

The Nail City Glass Works are making  
a fine quality of glass. Wall line of their spec-  
imens, which they are sending to South-  
ern and Western markets.

BRIDGEPORT.

The La Bell Glass Works are in full  
blast just now, but the fires will be put out  
within the next two weeks to allow the  
replacing of the old boilers with new ones.  
A tolerable good business is reported from  
these works.

The Wheeling Paper mill is run-  
ning as usual.

## WELLFARE.

The foundry and machine shop run in  
connection with the Elms Glass Works are  
in full blast. The glass works are running  
full, although trade is a little dull. Hol-  
iday goods are being manufactured and for  
these things there is a fair demand.

The Belmont Glass Company are only  
running one of their furnaces just now.
